

## **Founders' Prayer**

O Loving God,

You call us to touch a world filled with brokenness, a world in need of hope and unity. You have entrusted us to live this Mission and Charism in this time and place. Enable us to be brave in love, offering a presence that heals. Give us the courage to live with the compassion of Jesus; honoring differences while reaching out to all who feel disconnected.

We pray this in our Founder's spirit those who lived the ordinary in union with God, those who knew deep within the source of all life.  
Amen.
